PROFILE

User Experience Designer with 14 years of experience in user-centered design, prototyping, and usability testing. Proficient in Figma and Adobe Creative Suite, collaborating effectively with cross-functional teams.

EMPLOYMENT HISTORY

UX Specialist at Social Security Administration, Woodlawn, MD

October 2023 — Present

- Created wire-frames, prototypes, and interactive mock-ups to effectively communicate design concepts and gather feedback from stakeholders
- Developed customer journey maps, and task flows to guide the design process based on user behavior patterns

UI/UX Specialist (SSA) at Leidos

October 2022 — October 2023

- Designed an online application for SSN requests and an internal customer service system, creating wire-frames, design comps, and prototypes using Adobe XD, Figma, and Axure RP
- Conducted usability testing to identify user pain points and contributed to a usability report for the organization

UI/UX Specialist (SSA) at Digital Axis/Peraton

January 2022 — October 2022

- Developed wire-frames, prototypes, and high-fidelity mock-ups using Adobe XD and Axure RP for stakeholder presentations
- Streamlined the evidence collection process by pinpointing workflow gaps and facilitated communication between stakeholders and the product team

Senior UX Designer at Celerity IT

April 2018 — September 2021

- Worked closely with the product owners to identify UI/UX improvements that enhanced workflows
- Led the UX design for the digital card on-boarding process, credit card application and conducted contextual interviews for user insights, and prepared detailed documentation for developers on the Navy Federal project

UX Designer at Siteworx LLC

October 2009 — January 2018

- Worked on the UX design for the My Services section on Time Warner cable, working closely with another designer to define the project direction
- Collaborated with a multi-disciplinary team on Goldman Sachs creating wire-frames, functional specifications, prototypes

EDUCATION

Bachelor of Fine Arts (BFA) in Web Design & Interactive Media, The Art Institutes, Arlington

October 2005 — June 2009
